

IBM cloud Services

Team ID	PNT2022TMID19088
Domain Name	Internet Of Things
Title	Smart Farmer_IOT Enabled Smartfarming Application

The screenshot displays the IBM Cloud user interface. At the top, a browser window shows the URL 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user profile 'vignesh ...'. On the left, a vertical sidebar contains various service icons. The main content area is titled 'Untitled' and features a 'For you' section with four recommended actions: 'Build' (a blue box with text about easy starter tutorials), 'Get Started with Watson Studio' (a card with a sun icon, text about AI and Cloud Object Storage, and a 'Popular' tag), 'Build a Virtual Private Cloud (VPC)' (a card with a sun icon, text about upgrading to a paid account, and a 'Getting started' tag), and 'Incorporate DevOps into your process' (a card with a sun icon, text about improving reliability, and a 'Recommended' tag). Below this, a row of four tiles provides links to 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The bottom right corner features a blue chat button.
